Print length : 117 pages

Stormblood: The Art of the Revolution - Eastern Memories is the official art book for the Stormblood expansion of Final Fantasy XIV. It was released in Japan on December 19, 2017, and in North America and Europe on February 20, 2018. The book features over 300 pages of artwork, screenshots, lore, and character profiles.

The art book is divided into three main sections: the Eastern Memories section, the Concept Art section, and the Screenshots section. The Eastern Memories section features artwork from the Stormblood expansion, including character designs, environment designs, and monster designs. The Concept Art section features early concept art from the development of the Stormblood expansion, including sketches, wireframes, and color comps. The Screenshots section features in-game screenshots from the Stormblood expansion.

Stormblood: The Art of the Revolution - Eastern Memories is a must-have for any fan of Final Fantasy XIV. It is a beautiful and informative book that provides a comprehensive look at the art and lore of the Stormblood expansion.

Eastern Memories

The Eastern Memories section of the art book is the largest and most comprehensive section. It features over 200 pages of artwork from the Stormblood expansion, including character designs, environment designs, and monster designs.

The character designs in the Eastern Memories section are particularly impressive. The artists have done an excellent job of capturing the unique personalities and styles of the characters. The environment designs are also very well done, and they do a great job of conveying the atmosphere of the Stormblood expansion.

One of the most interesting things about the Eastern Memories section is the inclusion of early concept art. This concept art provides a glimpse into the development process of the Stormblood expansion, and it is fascinating to see how the designs evolved over time.

Concept Art

The Concept Art section of the art book features early concept art from the development of the Stormblood expansion. This concept art includes sketches, wireframes, and color comps. It is interesting to see how the designs evolved over time, and it is clear that the artists put a lot of thought into the development of the Stormblood expansion.

The sketches in the Concept Art section are particularly interesting. They provide a glimpse into the creative process of the artists, and they show how the designs evolved from the initial ideas.

Screenshots

The Screenshots section of the art book features in-game screenshots from the Stormblood expansion. These screenshots are a great way to see the final product of the artists' work, and they provide a glimpse into the beautiful world of Stormblood.

The Screenshots section is divided into three main categories: characters, environments, and monsters. The character screenshots showcase the unique designs of the characters in the Stormblood expansion. The environment screenshots showcase the beautiful and diverse environments of the Stormblood expansion. The monster screenshots showcase the fearsome and challenging monsters that players will encounter in the Stormblood expansion.

Lore

In addition to the artwork, the art book also includes a section on the lore of the Stormblood expansion. This section provides a detailed overview of the history, culture, and politics of the Stormblood expansion. It is a great resource for players who want to learn more about the world of Stormblood.

The lore section is divided into three main parts: the Ala Mhigan Resistance, the Doma Restoration, and the Far Eastern Alliance. The Ala Mhigan Resistance part tells the story of the Ala Mhigan people's struggle for independence from the Garlean Empire. The Doma Restoration part tells the story of the Dom
