## The Original *Aliens* Comics

The original *Aliens* comics were published by Dark Horse Comics in the late 1980s and early 1990s. The comics were written by a variety of talented writers, including Mark Verheiden, Steve Englehart, and James Robinson, and they were illustrated by some of the best artists in the industry, including Mike Mignola, Kevin Nowlan, and Bill Sienkiewicz.

The original *Aliens* comics followed the adventures of Ellen Ripley, the sole survivor of the original *Alien* film. Ripley is haunted by her experiences on the *Nostromo*, and she is determined to destroy the xenomorphs once and for all. The comics follow Ripley as she teams up with a variety of allies, including the Colonial Marines, the Predator, and even the xenomorphs themselves. She faces many challenges along the way, but she never gives up on her mission to destroy the xenomorphs.

## **The Spin-Off Comics**

In addition to the original *Aliens* comics, Dark Horse Comics has also published a number of spin-off comics. These comics explore the *Aliens* universe from different perspectives, and they introduce new characters and storylines. Some of the most popular spin-off comics include:

- *Aliens: Genocide*: This comic follows a group of Colonial Marines as they are sent on a mission to destroy a xenomorph hive. The Marines are outnumbered and outgunned, but they are determined to complete their mission.
- *Aliens: Labyrinth*: This comic follows a group of scientists as they explore a labyrinthine alien world. The scientists are searching for a cure for the xenomorph virus, but they soon discover that they are not alone.

- *Aliens: Female War*: This comic follows a group of female xenomorphs as they wage war against a group of male xenomorphs. The female xenomorphs are fighting for their freedom, and they will stop at nothing to achieve their goals.

## **The Prequels and Sequels**

In addition to the original *Aliens* comics and the spin-off comics, Dark Horse Comics has also published a number of prequels and sequels. These comics fill in the gaps in the *Aliens* timeline, and they provide new insights into the characters and storylines. Some of the most popular prequels and sequels include:

- *Aliens: Outbreak*: This comic follows the events of the original *Alien* film. It shows how the xenomorphs escaped from the *Nostromo* and how they spread to Earth. The comic also introduces a new group of characters who must fight to survive the xenomorph invasion.
- *Aliens: Earth War*: This comic follows the events of *Aliens*. It shows how the xenomorphs invaded Earth and how the Colonial Marines fought to repel them. The comic also introduces a new character, Lieutenant Vasquez, who becomes one of the most popular characters in the *Aliens* franchise.
- *Aliens: Colonial Marines*: This comic follows the events of *Aliens* and *Aliens: Earth War*. It shows how the Colonial Marines were formed and how they fought to protect Earth from the xenomorphs. The comic also introduces a new character, Sergeant Apone, who becomes another one of the most popular characters in the *Aliens* franchise.

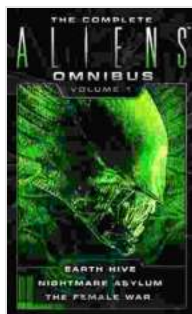

## **The Complete Aliens Omnibus**

The *Complete Aliens Omnibus* is the definitive collection of the *Aliens* saga. It includes all of the original *Aliens* comics, all of the spin-off comics, and all of the prequels and sequels. It's the ultimate guide to the *Aliens* universe, and it's a must-have for any fan of the franchise.
